

PLAN-E Platform of National eScience Centers in Europe

Draft program for the PLAN-E Plenary, Paris 19-20 April 2018

APRIL 19

12:00-12:30 Reception, some lunch food

12:30-12:40 Opening and Agenda matters (Patrick)

12:40-12:55 Introduction by the local host (Volker Beckmann)

12:55-13:15 France Grilles: the French national grid infrastructure (Vincent Breton)

➤ ***Harmonisation of national policies and e-infrastructures towards EOSC/EDI***

13:15-13:30 Harmonising the French computing landscape (Volker Beckmann)

13:30-13:45 National computing landscape Denmark (Lene Krøl Andersen)

➤ ***Little Big Science versus Big Little Science (the long tail of science and data)***

13:45-14:00 Considerations on the 'long tail of science' (Vincent Breton)

14:00-14:15 The long tail of Research Data (Peter Doorn)

14:00-16:30 Workshop-style discussions and info exchange regarding modernizing national Computing landscapes, with special attention for the "long tail of science"

16:30-17:30 Plenary reporting and discussions

19:00 Diner

APRIL 20

09:00-09:30 Intro to the discussions on the EOSC (Patrick)

09:30-10:15 Request for endorsement for the EOSC-FAIR Trajectory, a H2020 Call¹ reflection

- a) Short intro
- b) Proposal relation to the EOSCpilot and FREYA (Juan Bicarregui)
- c) Proposal position with respect to the EOSC-Hub (Damien Lecarpentier)
- d) Discussion on the type of support by PLAN-E

➤ ***The EOSC: our continued efforts in support of...***

10:15-11:45 National reporting by all PLAN-E members (one per country) on what was done on a local/national scale regarding EOSC matters, in particular regarding FAIR (for later report to DG Research)

Including: "From PL-Grid to EOSC: Onedata, Marketplace, and other contributions of the ACC Cyfronet AGHa" by Marian Bubak

Including a contribution by Lajos Balint on behalf of the e-IRG

11:45-12:00 Invitation to the next PLAN-E meeting: The IEEE-eScience Conference 2018 (Wilco Hazeleger)

12:00-13:00 Lunch

13:00-15:00 Continued discussions, but this time with emphasis on the estimated EOSC requirements on the national and European e-infrastructures

15:00-15:30 Wrap up and closure

¹ In this case, more specifically: H2020_INFRAEOSC-05c-2018-2019 - EOSC Governance – FAIR
